## English for work, study, travel, social & pleasure

*Give your English a boost  
and improve your  
confidence, work & study  
possibilities*

ABC English offers a stimulating environment for students interested in improving their English. Providing Dutch & non-native speakers from any background to master the English language is the focus of these **intensive** courses and are appropriate for intermediate through advanced students who want to become more **fluent** in their English language skills, **improve** job performance, or undertake university studies.

The focus of summer courses at ABC English is on **speaking** and **expanding vocabulary** and the use of the language in context. So working in groups and pairs, giving presentations and having discussions help you to **actively** 'put into practice' what you learn in class.

The classes include: vocabulary, grammar, reading and writing, listening, speaking and pronunciation, which will enable you to use the language communicatively and academically. Classes are always **fun & energetic** and a lot of **feedback** is given to each individual student.

All materials are provided and **homework** is given every day to ensure that your reading and writing skills are also developed.

**Tests** will be done each week and **certificates** are given at the completion of each course.

*Sign up now, enjoy the summer and allow us to open up your doors of opportunity!*
