English for work, study, travel, social & pleasure

ABC English offers a stimulating environment for students interested in improving their English. Providing Dutch & non-native speakers from any background to master the English language is the focus of these intensive courses and are appropriate for intermediate through advanced students who want to become more fluent in their English language skills, improve job performance, or undertake university studies.

The focus of summer courses at ABC English is on speaking and expanding vocabulary and the use of the language in context. So working in groups and pairs, giving presentations and having discussions help you to actively 'put into practice' what you learn in class.

The classes include: vocabulary, grammar, reading and writing, listening, speaking and pronunciation, which will enable you to use the language communicatively and academically. Classes are always fun & energetic and a lot of feedback is given to each individual student.

All materials are provided and homework is given every day to ensure that your reading and writing skills are also developed.

Tests will be done each week and certificates are given at the completion of each course.

Sign up now, enjoy the summer and allow us to open up your doors of opportunity!
